## WORK EXPERIENCE

- 

**Codex Solutions Pvt Ltd.**  
INTERN AS DEVELOPER

From 01/07/2022 to 31/08/2022

The project aims to make healthcare accessible to the people easily. The solution is to develop a platform wherein hospitals and medical practitioners can list their services and the common public can view and book those services and make it accessible to the people at an affordable price. I worked on the front-end UI with React-native and JavaScript for the web application for hospitals to monitor requests, followed by designing a database schema on Firebase Cloud Firestore.
- 

**Texas Instruments**  
INTERN AS A LEARNER

From 01/09/2022 to 30/09/2022

In this certified course, I learned API level programming for ARM Cortex M4-F based TI Tiva LaunchPad, Basics of Android app development and integrating the app with an embedded system, A demo on brainwave technology with TI-RSLK
- 

**Amazon Alexa**  
INTERN AS A LEARNER

From 01/10/2022 to 31/10/2022

In this certified course, I build an Alexa Skill. I created a game 'Stone-Paper-Scissor'. I learned deployment, building and testing of Alexa skill. My skill is published in Amazon Alexa Console.
